**Message from Enrico Vink to DNS colleagues**

Dear colleagues,

**Quality of Life - Consulting engineers step forward!**

Why should you attend the FIDIC World Conference in Seoul?

- It is THE major forum for the consulting engineering business
- Is the place to Learn the latest trends affecting the business
- Is the right time to Seize new opportunities

Today, more than ever, clients demand economic sustainable solutions, and Society also expects cost effective sustainable solutions...

How is this affecting your business?

- Learn more about the significant market changes and trends!!
- Share experiences with other firms and follow successful achievements

The FIDIC World Conference 9-12 September in Seoul will address the paradigm shift in conceiving, designing and delivering sustainable projects to meet the demands from clients, and from society.

The FIDIC State of the World Report 2012 will be launched in Seoul, adding significant clarity to the development of sustainable infrastructure.

I challenge you to identify and confirm at least 5 delegates from your member companies. FIDIC offers a 10% group discount to a delegation of 10 or more participants organised and registered by MAs.

Register today, for this significant event in the 99<sup>th</sup> year of FIDIC. You will not be disappointed.

See you soon in Seoul!

Best regards

Enrico Vink
